

PAF delivers relief goods to flooded Cagayan de Oro

RELIABILITY IN TIMES OF DISASTERS was once again proven by Filipino soldiers, shown above unloading relief goods flown in by a Philippine Air Force C-130 cargo plane, during the Cagayan de Oro City flood that inundated the bustling northern Mindanao port city starting January 3. PAF Tactical Operations Group 10's Disaster Response Team inter-operated with other civilian and military units in bringing relief and safety to the residents of the flood-stricken city.
