5CEISG is proud to announce the completion of the Practical C-E Equipment and Module Repair Training 02-2009 last 03 Sep 09. This year, seven EP from the 5CEISG, that includes two EP from 4CEISG are the latest batch of module repair technicians of CEISSAFP. The training, which lasted for three weeks introduced the students on practical troubleshooting tips, assembly of modules and TEP/QAP procedures. CPT ODI BARRIENTOS PA, Group S3 served as course director ably assisted by the training staff led by MSg Villanueva PAF, TSg Cameros and SSg Caliso all of 5CEISG.

This year's batch were chosen specifically to undertake the training because they demonstrated the potential, essential skills and attitude of electronic specialists needed by CEISSAFP.

The closing ceremonies were held in the morning with LCDR ANACLETO Q LABIS V PN, Group Ex-O as the presiding officer.

Congratulations to our graduates and 5CEISG bids you all good luck! We are all hopeful that you would all continue to work with dedication and pride for the greater good of 5CEISG and CEISSAFP! Hoorah!
