

OFFICE OF THE COMMANDER
COMMUNICATIONS, ELECTRONICS AND INFORMATION SYSTEMS SERVICE
ARMED FORCES OF THE PHILIPPINES
Camp General Emilio Aguinaldo, Quezon City

Message

It is with great pride and satisfaction that I greet CEISSAFP's officers, enlisted personnel and civilian employees as we celebrate our eleventh founding anniversary.

The theme we adapted for this year: ***Achieving Convergence Thru Sustainable Initiatives*** shall be our driving force for the future. Our goal is to ensure that our successes are institutionalized and not short-lived amidst lingering limitations and constraints. We remain resolute and focused in the efficient delivery of effective and improved communications services for the AFP well into the future.

I am very confident that we will prevail. As we have proven ourselves repeatedly in the past. Likewise, even today and actually, it is already evident in what we at CEISSAFP have been doing so far. Our "CAN DO" spirit and industry partnerships allowed us to achieve considerable gains.

As such, I applaud you on a job well done and to keep up the good work. Moreover, I commend each and everyone for always giving us more than sufficient reason to proudly honor the occasion.

Congratulations and Happy Anniversary!

Mabuhay ang CEISSAFP at mabuhay tayong lahat!!!

RICARDO B BUTALID JR
Brigadier General AFP
