## ***Message***

The Armed Forces of the Philippines proudly salutes the men and women of the Communications, Electronics and Information Systems Service AFP on the occasion of its 11<sup>th</sup> Founding Anniversary.

Congratulations on all your successes, accomplishments and for retaining the technical expertise that keep our communications systems and facilities working in support of our command and control infrastructure. Without which, the success of any major joint military combat operation or activity would not have been possible.

Your anniversary theme: ***Achieving Convergence thru Sustainable Initiatives*** expresses an innovative and efficient approach to harness and exploit our new and available technologies to help us win the insurgency campaign. The nation counts on us to do so in the very near future.

Bear in mind that you are equally important in the overall Team AFP effort. I am counting on your continued dedication, commitment and patriotism to remain steadfast in doing your job as we march in unison towards that singular objective and victory!
